

Medications with Quantity Limits

Effective: January 1, 2024

The following table lists medications with managed dose limits (MDL). These medications are subject to MDL, usually as quantity limitations, based on how the drug has been approved for use by the U.S. Food and Drug Administration (FDA). MDLs are set to encourage drug dosing that has been established as safe and effective, as well as to promote cost-effective use based on available product strengths and package sizes. MDL quantities may vary depending on plan design.

If you require a higher quantity or to request a written copy of the coverage criteria, please contact FirstCarolinaCare Member Services at (855) 291-9336 for TTY users, 711, 8 a.m. to 8 p.m., local time, seven days a week.
